Wipro's NextGen Associate's Pre-skilling Program

The Wipro's NextGen Associate's Pre-skilling Program is rigorous and requires dedication and commitment from you to achieve its learning outcomes. On an average, you will need to dedicate 8-9 hours of time every day to the program and it is critical that you follow the timelines and keep up with the program otherwise you will be at risk and it will become very difficult to catch up. There are several mechanisms such as reminders and notifications built into the system to help you maintain the schedule, but the most important requirement is your commitment.

We wish you a very exciting and fruitful journey with Great Learning.

PEDAGOGY

The content will be delivered by faculty Nominated by Great learning. This ensures that the program imbibes the academic elegance and Industry's Business relevance, there providing the learners with a remarkable learning experience.

Instructor led Learning Sessions

These ILS are daily-held live online-based learning sessions conducted by our faculty. It enables the learners to be more engaged and participative. In these sessions, the faculty plays the role of the instructor, teaching concepts illustrates concepts through example and clears doubts to ensure learning happens. The teaching is followed by daily coding practice and theoretical quiz which is mandatory to complete with in the given day.

It is mandatory to be present for at-least 90% of the session duration to be marked as present.

Video Lectures

Please check Olympus for the course outline, reference material and other pre-class requirements you may need to familiarize with before the next session. These additional video content with establish strong fundamentals and

enables you to have thorough understanding of syntaxes. To ensure you are able to learn better we recommend you to go through the content and participate during the session discussions.

TECHNOLOGY ENABLED ONLINE LEARNING

Online learning, facilitated through a state-of-the-art, world-class, Learning Management System is an integral part of the program which is named as Olympus. **Olympus is your primary information and communication exchange mechanism.** It will provide access to the learning material that is part of various courses. This includes online videos, projects, and quizzes. It also has mechanisms for you to communicate with the Program Office.

After you log in to Olympus please do the following:

1. Update your profile with the correct name
2. Update your notification preferences
3. Read through the documents on how to use the Olympus.

Mentored Learning Sessions Platform

- The online-mentored learning sessions will be conducted on Zoom. Participants are expected to download and install zoom software from www.zoom.us.

PROGRAM EVALUATION

The program curriculum consists of a combination of Live sessions, Daily Practice, Graded assessments & Capstone projects. While we encourage collaboration, we expect learners to adhere to the highest standards of ethics and avoid plagiarism and copying. Given that you are all professionals who are pursuing this program with the primary objective of learning, you are expected to follow the honor code and not indulge in unethical behavior or plagiarism.

Your progress along the course, attendance for the mentor learning sessions and performance on assessments will be shared with the Wipro team.

COMMUNICATION

The program office is your partner in ensuring you achieve the desired learning outcomes. Use the following means to communicate with the Program Office and your peers to get a timely response to your queries.

1. Program Support on Olympus

Use the "**Support**" feature provided for any clarifications. These may include any of the following

- Clarifications to course concepts/ doubts beyond the sessions.
- Support to assignments or quizzes.
- Support on missing course material

- Any other personal issues

2. Announcements

Program Office may also communicate with you when important information has to be solicited, shared or in response to your questions. The program office will post an announcement when new course material is available if there are any changes to upcoming courses and other program-related issues. These announcements will appear on your home page of the Olympus. Please ensure that you log in regularly and pay attention to any new announcements to ensure that important information is not missed. You can also modify your communication preferences so that an automated email is sent to you whenever a new announcement is made.

3. Notifications

Notifications are automated system generated messages sent to all learners whenever important/new information is available. These may involve the availability of grades, reminders for an upcoming assessment due date and when assessments are released. These notifications will also appear on your home page of Olympus. You may again modify your communication preferences to receive an email whenever a notification is made.

CODE OF CONDUCT

Great Learning's Honor system expects learners to act with integrity, respect community standards, and manifest a commitment to ethical responsibility in all matters. This includes all academic activities (interaction with other learners during group assignments, online discussion etc.)

The honor system expects all learners to act professionally in all matters, including with respect to resolution of disputes.

CONCLUSION

Once again, congratulations and welcome as you begin your journey with Great Learning. Since the Wipro's NextGen Associate's Pre-skilling Online Training Program is a rigorous program, you will find that there may be many challenges – academic and personal. But remember that we are here to encourage and support you as you meet your learning objectives and achieve your career aspirations.

Happy Learning!
